UCLG COMMITTEE ON STRATEGIC URBAN PLANNING

CITY DEVELOPMENT STRATEGIES NEWS ITEM NO.3, FEBRUARY 2009

Barcelona, 6 March 2009

CIRCULAR 3

Dear members of the UCLG Commission on Strategic Urban Planning, Dear partners,

We would like to present you the latest news on City Development Strategies and encourage you to take an active part in the editing of the first product ever generated by the Committee, the Policy Paper on Urban Strategic Planning. We have prepared a questionnaire to gather further inputs and information from the members. We welcome any reaction and responses, considering the challenge posed by the articulation of a local government position in the Policy Paper.

The UCLG World Council in Istanbul (November 2008) was the occasion to discuss the Agenda of the Committee for 2009/2010 and to put the emphasis on the new activities. But networking projects need financing – this is why the Committee has answered to a European Call for proposals, specifically targeting local authorities. And these projects also need strong institutional support – that’s why the collaboration between Cities Alliance and the Committee will be reinforced.

Please find attached the latest Newsletter on CDS and the questionnaire. The Concept note for the European Commission Call for proposals will soon be uploaded on our website.

We welcome any suggestions you may have and remain at your full disposal.

Please send your recommendations to s.hoeflich@cities-localgovernments.org or sbarrio0@rosario.gov.ar

Your UCLG Committee team
