

Call for

#Local4Action HUBs

Focus on Least Developed
Countries membership

Join the global
acceleration for the
implementation of
the 2030 Agenda!

— Has your city, local government, or region developed innovative policies and programs to advance on the creation of sustainable, fair, and equal territories?

— Do you have a proposal for project already defined implementing the SDGs? Does it respond to the dreams and expectations of your citizens and communities, while advancing Global Agendas and building on UCLG's values and principles?

— Do you believe that your experience can inspire and help other LRGs to define similar policies, and demonstrate the important role of LRGs in achieving a more sustainable planet?

Join the Global platform by generating your own initiative on Local4Action HUBs!

Local and regional governments are at the forefront of the implementation of the 2030 Agenda. As such, all Local4Action HUBs are contributing to the triple impact of Localization:

Local-Global

Contribute to the global conversation on sustainability from a grounded reality while bringing a Global Label to the local level.

Acceleration

Accelerate implementation of global agendas through networked localization efforts in the UCLG community.

Synchronization

Increase opportunities for collaboration and synchronization and new ways for members/partners/constituencies to relate to each other.

What can my city/region gain by leading a Local4Action HUB initiative?

- **Join an active global community** of cities and regions contributing to the achievement of the 2030 Agenda.
- **Be recognized through** a branded label, and gain visibility for your city and policies through regional and international exchanges, and UCLG's advocacy work and communications strategy.
- **Be listed between** the cities and regions that will be highlighted during the annual forum "Venice City Solutions 2030".
- **The Local4Action HUBs selection process** will be articulated with the Venice City Solutions 2030 Forum: the selected experiences will be presented in Venice and accompanied during the preparation to this year's edition, building together specific tools for visibility of the local action towards SDG implementation.

How can I apply for/propose a Local4Action HUB initiative?

- 1 Submit your proposal** through fulfilling this google form (proposals may be submitted in English, Spanish and French).
- 2 Deadline for submission:**
1st September 2021
Responses: applicants can expect information on the outcome of their application beginning from the 30th of July on.
- 3 A second set of questions** will be sent after the definition of the initiative proposed by the members for the operationalization of the Local4Action HUB.
- 4 Launching of the Local4Action HUB**

For specific questions, comments,
or concerns, please write to
Local4ActionHUBs@uclg.org

We would like to thank you in advance for your
leadership during this implementation decade, and
your willingness to share, connect and strengthen
local initiatives.
