#BeyondTheOutbreak
The global pandemic has disproportionately accentuated the challenges in safeguarding the health of asylum seekers, refugees and vulnerable migrants, as routine prevention measures can in many cases not be applied in their case, due to the circumstances in which they find themselves.
Including all migrants in COVID 19 responses

Three challenges and/or solutions to implement inclusive measures that protect and leverage the contribution of migrants in the COVID 19 emergency

Look: not at the numbers, but the people

Listen: not only to the needs, but the selfless willingness to assist

Embrace, support & share
This crisis affects us all. Only together can we overcome and minimise its effects.

Cities and Local Governments can be the driving forces of this process.
THANK YOU!
