Including all migrants in COVID-19 responses

Health checks upon arrival, quarantine, provide for "reception ships" in front of the ports of arrival

Informing migrants about the current emergency and make them understand the complexity of the current situation

Enforcing the same rules and restrictions for migrants as for all citizens

Three challenges and/or solutions to implement inclusive measures that protect and leverage the contribution of migrants in the COVID-19 emergency
We must build on the "Global Compact for Migration", the common rules for "orderly, regular and safe" migration.

Today, more than ever before, these three concepts must walk together if the migration phenomenon is to be accepted by the communities of the countries they welcome.
THANK YOU!

Merci !
