Metropolis is the Metropolitan section of UCLG and the largest association of major cities and metropolitan areas.

With 30 years of history, Metropolis is the leading association that brings together the governments of urban agglomerations worldwide. It serves as the hub for metropolises to connect and share experiences on a wide range of local and global issues, in addition to being the focal point of worldwide expertise on metropolitan governance.

**Represented by the authorities of +130 major cities and metropolitan areas in Africa, the Americas and the Caribbean, Asia and the Pacific and Europe.**

**Main Missions**

1. Representing and giving international political visibility to metropolitan interests
2. Promoting reflection on trends in the evolution of cities
3. Finding innovative solutions to metropolitan problems
4. Contributing to metropolitan governance to reduce metropolitan imbalance
5. Promoting financial and technical assistance to metropolitan areas in developing countries

**Scope of Work**

- Advocacy
- Learning, Capacity Building & Training
- International Cooperation
- Gender Equality
- Urban & Public Services Management
