The Forum of Regions, as a section for UCLG’s regional authorities, aims to recognize territorial strategic planning resulting from multi-level cooperation, in order to promote sustained, inclusive and sustainable economic growth.

**Scope of Work**

- Governance, democracy & citizenship
- Exchanges, training & peer learning
- Economic, social & territorial cohesion
- Food security
- Climate change

**Level of Decentralization by Country 2016**

**Main Missions**

1. Representing and ensuring the active participation of regional governments in the international agenda.
2. Promoting the essential participation of subnational governments in developing global development strategies.
3. Demonstrating the capacity of regions and the overall impact of their policies on the territory, especially in the linkages between cities and rural areas.
